The tax rate is based on the local improvement rates passed by council resolution which are attached to this plan (Appendix 1):

$$\frac{\text{Frontage Distance (if applicable)} \times (\text{Curb and Gutter Frontage Rate} + \text{Asphalt Pavement Frontage Rate}) + \text{Flankage Distance (if applicable)} \times (\text{Curb and Gutter Flankage Rate} + \text{Asphalt Pavement Flankage Rate})}{= \text{Local Improvement Tax}}$$

$$\frac{\text{Frontage Distance (if applicable)} \times (\$41/\text{ft} + \$36.50/\text{ft}) + \text{Flankage Distance (if applicable)} \times (\$10.50/\text{ft} + \$9.00/\text{ft})}{= \text{Local Improvement Tax}}$$

Cash option (Pre-payment) \$77.50/frontage foot and \$19.50/flankage foot OR
Finance option \$7.72/frontage foot and \$1.94/flankage foot levied annually for 15 years

The calculated taxes for each property are shown on Schedule "C".
Property owner's may pay in a lump sum their portion of the local improvement tax at the completion of the project a date set by Council.

(E) Estimated Cost

The estimated cost of the local improvement is \$320,000.
This is the estimated cost for the Town of Swan River to survey the project and to contract an asphalt paving company to install curb and gutter and asphalt pavement. This estimate is based on the length of the project and previous curb and gutter and asphalt construction projects in the Town of Swan River.

(F) Sources of funding

The local improvement will be funded by the following sources:

- Federal Gas Tax Reserve Fund - \$96,000
- Municipal Road Improvement Program (MRIP) Grant - \$100,000
- Local improvement tax on benefitting properties - \$124,000

(G) Borrowing

The Town of Swan River will borrow \$124,000 to allow for financing for benefitting properties to make annual payments. The maximum rate of interest will be 5.5% for a 15 year term. The annual payment is 12,353.57.

(H) Annual Operation and Maintenance

The annual maintenance of the pavement will be snow clearing which is already currently allocated under the snow clearing operations budget since there is currently a gravel road at this location and the level of service will not change. The snow clearing budget is funded by a special service tax of the Town of Swan River.
